

SOUTHERN ELECTRIC JET FESTIVAL

Saturday, Sept 11, 2010
9am to 5PM

Join us at Read Field (NWRC) on 9/11 for a full day of action packed *Electric Jet* flying like you've never seen it before! All electric powered jet aircraft are welcome: EDFs, Pushers and Pullers. As long as it looks like a jet and is electric you are welcome to fly!!!!

Don't know about electric jets but want to try? The Hobby Shops listed below have agreed to partner with NWRC to help modelers from all over learn the fun that can be had with modern electric aircraft.

Stop by and mention this fly-in for 10% discount just for event attendees!

Lots of Prizes from our Great Sponsors !!!
Entry fee only \$20—Includes Pilot lunch
